LYRATA DELUXE

ASSEMBLY MANUAL

UNPACK THE PALLET

Unpack the pallet and check the product for any damage

BEGIN THE ASSEMBLY

Place the main trunk and begin assembling the upper trunk. All branches are numbered and should correspond to the holes in the main trunk. Secure the branch with the provided screw.

ASSEMBLE THE SIDE BRANCHES

Then, assemble the side branches in the same manner from top to bottom

USE THE WOOD PASTE

Use the supplied wood paste to mask the transition between the main trunk and the side branches. Do this with the gloves on and add a drop of water to the paste before using it.

Once the wood paste has dried, it will have the same color as that of the main trunk.
